

Mercedes-Benz Manufacturing Poland Sp. z o.o. is looking for:

Quality Planner

Workplace : Wrocław (temporarily)

Ref. nb: 3/Q/QP

Employment:

- Workplace: Wrocław (initially), from summer 2017 – Jawor near Legnica

Scope of duties:

- Execution of Quality- and Test planning of engine parts or engine assembly. Initiation, maintenance and development projects according to Quality Plan.
- Actualization of quality control plan influenced by failure cause. Maintain actualized control plans throughout the project development.
- Planning and execution of measures for process monitoring and process control.
- Evaluation of machine capability studies.
- Contribution in Product- and Process FMEAs.
- Sample part inspections of in house parts. Initiating and coordinating the first sample, providing accurate and complete registration data in SQMS.
- Training and qualification measures to production-orientated employees.
- Coordinate the implementation capabilities of the machine, process and evaluation, both during the start-up of the project and in series.
- Participation in project meetings and reporting of quality related items.

Requirements:

- Education: Technical University study or vocational training with more than 3 year experience in Quality Sector.
- Professional experience in defining and coordinating the implementation of activities in the quality field (management and quality assurance) in new projects.
- Good knowledge in the field of mechanical processing, general knowledge of mechanical assembly.
- General knowledge regarding 5M, 5Why, 8D Problem solving and Core Tools (MSA, SPC, APQP, PPAP, FMEA).
- Training as DGQ-Auditor is beneficial.
- Knowledge in production processes of engine parts and engine assembly is an asset.
- Skills in MS-Office, QS-Stat and QDA.
- Skills in Quality and ISO standards.
- Good language skills in English or German.
